Dear Ken,

It was a pleasure to take part in your recent Client Research Program.

Since becoming clients of Gill Planning in 1996, our financial planning needs have grown and you have consistently brought us innovative solutions to accommodate the three generations of our family.

As financial products become increasingly sophisticated and less transparent, it is important that we have an industry veteran like yourself to help us navigate markets and avoid pitfalls that could potentially sabotage the best laid out retirement and estate planning strategies.

We are delighted with the passing of the torch from Pat to yourself, and are confident that under your leadership, we will continue to receive the best advice from Gill Planning for many years to come. Obviously we would not hesitate from recommending you and your firm to our friends and associates, as we have done in the past.

Best Regards,

Bob
